In Stone Rage, the game is built around a fantasy prehistoric world and players explore a wide prehistoric landscape without the boundaries of a city or town. There are no levels in the traditional sense, but rather a broad landscape that spans the entire globe. It will include natural looking mountains, rivers, lakes, and settlements. The game features 19 different biomes that players must navigate as a means of survival, and many different types of enemies, such as cave bears, saber-toothed cats, giant ammonites, Cavemen, and other early humans, will be included in the game. Over 30 square kilometers of North American land will be covered in this landscape, and

many different flora and fauna will be included that will provide useful resources and life-saving materials. Players will interact with other players, and team up to forge alliances or attempt to kill each other in combat. Stone Rage will also include a battle mode for 1v1 and 2v2 multiplayer. Players must work together to defeat their opponents by coordinated teamwork, effective use of terrain, and strategic firing. Players can fashion their own home using the available resources, or enjoy the pre-crafted homes available at the game's start. Homesteads will come with a working fireplace that players can use to barter and trade with other players and do battle at a glance. Players will be able to visit other players' claimed homesteads and discover whether they are friend or foe, as well as obtain rare resources to craft powerful weapons. Stone Rage will include battle animals in both battle modes. Lumbering mammoths will be in combat against the Cro-Magnon, and swift saber-toothed cats will make their debut in the multiplayer aspect of

the game. Key Features: Explore a Landscale of Epic Scale Stone Rage will cover an epic scale of land, with the pre-modeled villages, mountain ranges, and palm trees for narrative and artistic purposes. Over 30 square kilometers of North America will be covered in this scale, as well as many different flora and fauna that will provide useful resources and life-saving materials. Take on Different Avatars Stone Rage offers the choice of playing as a Cro-Magnon or a Neanderthal, as well as a variety of other human and animal avatars. Choose between male and female characters. Create Unique Buildings and Interiors The game is built with a focus on atmosphere and immersion, as players have the ability to build anything
